

New Centre NHGD@Woodlands

National Healthcare Group Diagnostics (NHGD) brings diagnostic services nearer to you with its latest satellite centre, NHGD@Woodlands.

In early November, NHG Diagnostics' first independent diagnostic centre – NHGD@Woodlands – opened its doors to the public. With the addition of this centre, there are now a total of 16 satellite centres (13 of which has laboratories) and three mobile centres under NHG Diagnostics, making it the leading provider of laboratory and imaging services in a healthcare setting.

WHAT'S AVAILABLE

For a start, NHGD@Woodlands provides both X-ray and phlebotomy services. Within six months, ultrasound imaging – a method of “seeing” the inside of the human body through the use of high frequency sound waves – will also be made available.

Like other centres, referrals from polyclinics, family physicians and NHG's corporate clients are welcomed. Committed to achieving excellence in quality, all NHGD professionals strive to ensure that each and every patient receives quality care in a safe environment.

PATIENT SATISFACTION

A one-stop centre, NHGD@Woodlands brings basic diagnostic services at cost-effective prices to a location near you. Patients will no longer be required to join the queue at polyclinics for the services. Most importantly, NHGD ensures that the waiting time for each patient's X-ray report is kept to a minimum, with an average turn-around time of just one hour.

NHGD@Woodlands

Block 302 Woodlands Street 31 #01-271
Singapore 730302
